

THE FLEA INFESTATION: IT'S A VICIOUS CYCLE.

The Flea Life Cycle

Four distinct developmental stages of the flea.

Treat your home

VET•KEM® Siphotrol® premise products, with Precor® (IGR), kill adult fleas and ticks, flea eggs and larvae hidden in carpets, cracks, crevices, upholstery, furniture and pet bedding.

Treat your pet

If your pet has fleas, start with VET•KEM Ovitrol® Plus Flea & Tick Spray or Ovitrol Dual Action Collars with Precor (IGR). These products kill adult fleas and ticks and flea eggs on your pet.

Prevent infestations

For effective, easy to use and low cost prevention, choose VET•KEM Ovicollar® for dogs and cats with Precor (IGR). VET•KEM Ovicollar for dogs and cats offers up to 12 months of protection.
