Addison Products

Zn7 Derm Skin Conditioner
60 mL
180-7000

Zn7 Derm Spray, Wound Care Formula,
60 mL - 180-7800

Zn7 Derm Equine Wound Care Spray,
118mL - 180-7700

Zn7 Derm - INDICATIONS

1. A broad spectrum of dermatology cases where you need to reduce your steroid and/or antibiotic demand by using a natural anti-pruritic, skin care topical.
2. Dermatology cases that are slow to respond with hair re-growth.
3. Post-surgery cases where a topical is beneficial to reduce the surgery site irritation, itch, and infection.

Maxi/Guard® Zn7™ Derm - The industry's most recognized neutralized zinc based skin care topical. This counter-irritant provides soothing relief from itching and drying of raw skin conditions
Great for Hot Spots, allergy rashes and irritations, etc. - instantly stops itching and promotes healing

Maxi/Guard® Zn7™ Equine Wound Care
- The first natural topical that provides substantial anti-pruritic, anti-microbial, and wound healing benefits, allowing veterinarians to reduce their steroid and/or antibiotic therapy.
Unique mix of Zinc and Amino Acids kills bacteria, fungus without antibiotics or steroids - prevents formation of proud flesh on wounds

EAR PROBLEMS?
EAR SOLUTION!

MAXI/GUARD® Zn_{4.5} Otic™

- Clears chronic yeast otitis*
- Safe for use with a ruptured tympanum
- Safe and effective for long term maintenance
- Resolves itching
- Calms, clears and restores problem ears
- Very low incidence of stinging
- No antibiotics / steroids
- No interference with allergy testing
- Scent free
- Not oily / greasy

*Mendelsohn DL, Griffin CE, Rosenkrantz WS, et al. JAAHA 41:12-21, 2005

Inside the Ear Canal

**Ear Problems?
Ear Solution!**
**MAXI/GUARD®
Zn 4.5 Otic®**

Zn 4.5 Otic
Delivers the essential micronutrient zinc, complexed with select amino acids and the proven malassezia agent, boric acid. Active ingredients are delivered in a well tolerated propylene glycol vehicle at a pH of 4.5.

Equine Products

HY-50®

delivers a high dose of hyaluronate sodium in a small volume of injection. HY-50® is produced from a patented fermentation process utilizing state of the art purification techniques. This advanced manufacturing method of HY-50® ensures a safe and effective product free of pyrogens and animal origin proteins responsible for hypersensitivity reactions.

Item Code: 302-0000

Levoxine

Levothyroxine is a synthetic thyroid hormone. It usually needs to be given for the life of the horse when the horse is not producing enough thyroid hormone and to correct conditions associated with hypothyroidism.

Item Code: 301-0001

310-0010

XXTerra™

An herbal formulation of bloodroot powder and zinc chloride solution, combined and stirred into a smooth brown paste. Bloodroot contains sanguinarine (the primary component), chelarathrine and protopine, all of which are alkaloids. Zinc chloride promotes inflammation of the sarcoids surface and with the alkaloids, alters the sarcoid cells so they become antigenic to the host. Accordingly, XXTERRA™ alters the antigenicity of a sarcoid to stimulate the host's immune system and result in an immune rejection reaction of the sarcoid.

Mouth Care

Zinc ascorbate benefits the horse's mouth. It is especially useful for combating gingivitis, excessive tarter buildup around canine and incisor teeth, and bit and bridal sores. The gel provides almost immediate relief which allows continued training while the lesions heal.

The Anti-Lick Strip
Equine wrap is the same construction as our Anti-Lick Strip Prevent. However, it uses a 100% pure cayenne as the deterrent. It is 10" long x 3" wide come 10 bandages per pack.
