Serving the Veterinary Community Since 1953

Our mission is to provide the veterinary community with superior value, innovation and professional support and resources.

For nearly seven decades, Central Sales has been serving Companion Animal and Large Animal Veterinarians in Canada. As a pioneer, we have been able to achieve the highest standards in operational excellence and customer satisfaction.

At our core, we are a dynamic company focused on providing value, an innovative product suite and superior service to our customers. Despite all the changes, we remain a family-owned company now three generations strong.

RETURNS POLICY 2025

1. Pre-authorization must be given before returning merchandise purchased from Central Sales Ltd.
2. Returned product must be in original sale condition and free of markings. If not in original condition, amount of credit, if any, will be adjusted accordingly. Subject to inspection.
3. Product with an expiry date must be returned to the Central Sales warehouse with no less than 6 months before the expiration date. This applies to overstocks and products that are not selling.
4. Transportation charges on all returned merchandise will be paid by the customer, except when products are returned due to an error in the original shipment by Central Sales Ltd.
5. Central Sales Ltd offers a satisfaction guarantee on all products sold. If for any reason you are not happy with the quality or if product becomes defective, it can be returned to us for a full credit.
6. No returns on "Special Order" items, non-inventory product or Temperature Controlled Items.

ORDERING INFORMATION

ALLERGY SOLUTIONS

Code	Description
187-0016	Allerpet Single Solution for Cats, Dogs & Birds - 473 ml

Now.... A single, reformulated, more effective allerpet solution that may be safely used on cats, dogs, kittens, puppies, small furry pets and birds to remove their pet-related allergens. Allerpet cleans the hair of dander, saliva, sebaceous gland secretions and urine residue. These allergens are the prime causes of allergic reactions to pets.

OVICOLLAR FOR DOGS AND CATS

870-0710 Ovitrol Collar Dog

870-0730 Ovitrol Collar Cat

- Convenient and Economical
- One application per season
- Easy to apply with unique integral buckle design
- One size for dogs and one size for cats
- Non toxic mode of action gentle enough to use on puppies and kittens
- BreakAway® collar for cats
- Comfortable and non-irritating
- Ovicollar® provides head-to-tail protection within 24 hours of application
- Contains Precor® (IGR) to kill flea eggs (breaking the flea life cycle) for up to 12 months
- Remains effective in sunlight and is unaffected by bathing, swimming or grooming
- Precor® (IGR) is highly lipophilic and is rapidly distributed over the entire hair/coat with natural body movement

OVITROL PLUS FLEA & TICK SPRAY FOR DOGS/CATS

870-1360 Ovitrol Plus Spray 475ml

- Kills adult fleas and flea eggs on your pet
- Kills ticks which may transmit various infectious diseases to animal and man (Lyme disease)
- One treatment controls adult fleas and ticks and prevents flea eggs from hatching for up to 60 days
- Contains Precor® (IGR)
- Use once a month (for severe flea problems, treatments can be performed weekly)
- For use on both dogs & cats – ideal for multi-pet households
- Economical

SIPHOTROL 1000/2000 DOUBLE ACTION PREMISE

870-0390 Siphotrol 1000 treats up to 1000sq. ft

870-0380 Siphotrol 2000 treats up to 2000sq. ft

- Contains synthetic pyrethroid – to kill adult fleas and ticks
- Contains Precor® (IGR) – keeps killing flea eggs and larvae for 7 months, breaking the flea life cycle
- Mobility - Precor® (IGR) migrates deep into carpet fibers, the very place flea larvae thrive
- Increasing spray time to 12 minutes allows for a more thorough treatment of home
- Unique valve system allows you to hold the can upside down
- Single-phase propellant disperses product evenly
- Environmentally friendly
- Water-based aerosol contains no ozone-depleting substances
- Non-staining formula
- Virtually odorless

**SMALL CHIP...
BIG RETURN**

WHY MICROCHIP?

- Safe in 2 pets w/ missing ID tags.
- Microchips are the most trusted way of identifying pets.
- A safe but not enough. Your dog's collar breaks or its collar tag gets lost or becomes illegible. A microchip provides a permanent, longer proof means of animal identification.
- Pets can be quickly returned to their current owner, increasing the quality of housing and living conditions when waiting for returned or re-homed.
- Animal control officers are trained and equipped to scan animals easily.
- The implantable microchip provides an electronic means of identification.

We speak for pets everywhere!
All our microchips are up to 10 times more likely to be recalled with their owners.

**LOST PET...
FOUND FAST**

KNOW YOUR PET IS PROTECTED 24x7x365!

- It is vital to keep your contact information up to date so that you can be reached.
- Please call us or visit our webpage to update your information.

ELECTRONIC PAMPHLET
Just like a fingerprint no two microchips have the same ID number.

WOUND CARE

Code	Description
180-7700	Zn7-Equine Spray 4oz

MOUTH CARE

Code	Description
180-4444	Oral Cleansing Gel 4oz

Zinc ascorbate benefits the horse's mouth. It is especially useful for combating gingivitis, excessive tarter buildup around canine and incisor teeth, and bit and bridal sores. The gel provides almost immediate relief which allows continued training while the lesions heal.

XXTERRA

Code: 303-0000 - 57g/2oz 303-10624 - 28g/1oz

An herbal formulation of bloodroot powder and zinc chloride solution, combined and stirred into a smooth brown paste. Bloodroot contains sanguinarine (the primary component), chelarathrine and protopine, all of which are alkaloids. Zinc chloride promotes inflammation of the sarcoids surface and with the alkaloids, alters the sarcoid cells so they become antigenic to the host. Accordingly, XXTERRA™ alters the antigenicity of a sarcoid to stimulate the host's immune system and result in an immune rejection reaction of the sarcoid.

ADEQUAN CANINE

Code 601-00531
Description Adequan Canine - 2 (5 mL)
 vials per box

- Starting treatment early with Adequan Canine may help slow the progression of osteoarthritis (OA).
- Once canine OA begins, managing the disease progression is critical to support joint health and the dog's activity levels.
- Without treatment, deterioration of joint cartilage, surrounding tissue and fluid begins; eventually leading to bone-on-bone contact, chronic inflammation and loss of mobility.
